## **6. Correspondence.**

### **Email from Teleri Lewis, University of Wales Aberystwyth**

Aberystwyth University are keen to work with the YFC Movement following a meeting with Nia Lloyd Pembrokeshire YFC was mentioned. They are keen to work with members from GCSE age to see if the University can help members decide and support members making decisions about their future earlier. On the 14<sup>th</sup> September they are organising a day for A Level Students at the Bridge Innovation Centre, Pembroke Dock

<http://www.bridgeinnovation.co.uk> and would like to extend an invitation to GCSE pupils in schools throughout Pembrokeshire and to the YFC Clubs. The event will start for GCSE pupils at 5.30 till 7.30. The idea is to show different subjects available to study at the university. It would be great if the office can act as a signpost and send information of interested members to the university.

There will be a fantastic opportunity for the Pembrokeshire Young farmers to have a stall at the event to try and attract new members and the university are open to discuss any other ideas members may have. Discussion took place and it was felt that this would be a good opportunity for the movement to promote itself and possibly attract new members. Carys Vaughan and Alice James are able and willing to attend the evening. It was also suggested that the Youth Forum be involved as a joint working venture with officials. Youth Forum to discuss this at their next meeting on the 24<sup>th</sup> April. Dependent on members response this would be brought to the next Exec should there need to be more support from members.

### **Email from Stuart Williams**

Correspondence from Stuart Williams was read at the meeting. Discussion followed the role of the Senior Member. It was felt that this is an honorary role decided by judges not members. It was felt that Senior Members should be made to feel welcome to attend all meetings, and be involved in the County Official Team and to take an active role in supporting the Youth Forum whenever they require guidance and support. However they would not be able to vote at a meeting or be co-opted as this would result in a change of the constitution. County to acknowledge response of the email to Stuart and thank him for his comments and support throughout the year.
