The county need to elect two people to attend as experts to share their opinions /advise in selection of pieces for the 2018 Eisteddfod. Wales Competitions Sub Committee Meeting – 2019 Royal Welsh Competitions. Members of the committee attended a meeting on Sunday where ideas were suggested for the theme of Royal Welsh 2019 and which competitions would be included. Hannah Phillips attended the meeting and gave a brief report raising the following points:-

Hannah reminded the members that Pembrokeshire will play host to the Wales Field Day on April 29th in 2019.

She noted that the WRU are keen to collaborate with Wales YFC offering their support in running the Rugby 7’s male and junior tournament at the RWAS with the possibility of developing a ladies 7 aside competition.

Hannah noted that the Pallete Recycling competition will be held at the RWAS in 2018. It was explained that this was due to the lack of interest or response to the fencing competition previously held and the need to utilise the area we are kindly allowed to use in the forestry section at the RWAS.

A discussion followed and it was agreed that clubs interested in entering the competition at county level would need to express their interest by the executive committee meeting and the competition was suggested to be held at Pembrokeshire Field day this year.

Members also pointed out that as a county who have experience of holding the competition the feedback has previously been that a theme makes it easier for the judge and ensures a higher quality of entry from the competitors

Katie thanked Hannah for the report and noted that it was important for members to give feedback on the rules. She also reminded the meeting that in 2019 Pembrokeshire will be the feature county and that it is there for vital that the competitions are the best they can be. Katie read through the draft competitions and rules and suggestions and points were raised regarding the draft rules as follows :-

FEDERATION DISPLAY – Nursery Rhymes

MEMBERS' COMPETITIONS

Floral – Myths & legends

Cookery- A trio of street food – minimum one sweet one savoury.

Craft - Puppet

SHEEP SHEARING COMPETITION -

WOOL HANDLING -

SINGING suggestion Eurovision/Can I Gymru

Members felt that the 'fun' and 'atmosphere' normally associated with this competition has gone out of it with more emphasis given to 'pure' singing rather than performance. They felt that the competition's theme Eurovision / Can I Gymru is a good idea but felt that the task should rather than read "Perform a song/medley....." should in fact read "To emulate a group or artist...."

Stressing those groups would be marked for how alike to the individual or band they were.

It was also suggested that live music should be disallowed in favour of backing tracks as the competition is slowed down with tuning and stage preparations. Members wanted it to be clear that this competition is about the performance and atmosphere generated as opposed to the purity of the sound.

DANCING – It was felt that the dance competition was left to wide open and difficult to get an appropriate judge with the relevant broad knowledge and ability in the various styles. Members felt at least one dance should be chosen and suggested contemporary dance and any other or a Dance routine from a musical / film and any other contrasting dance.

TO ILLUSTRATE A NUSERY RHYME – Members felt that as there is also the other craft competition that clarification was given on what is meant by 'ILLUSTRATE'. Members felt that illustrate should be more specific and suggested added Illustrate the front cover of your favourite nursery rhyme.

The moodboard to contain choice of colours, themes etc. appropriate for nursery aged children.

PALLET RECYCLING/ Fencing – A Theme would make the competition easier for competitors and in terms of judges. Suggested themes were: - Storage, Garden Furniture. It was agreed to suggest these to Wales.

SCRAPBOOK -

WRU are keen to get more involved. Junior TAG – potentially at Royal Welsh with discussions to follow for having a ladies sevens competition at the royal welsh alongside the male. They are happy to start by supporting the members for the competition as it stands.

(D) Letter from St Davids Ploughing association - At the last Exec meeting we received a letter from the St Davids ploughing. It was agreed that clubs would have a discussion regarding this and bring their thoughts back to this competitions meeting. A copy of the letter was circulated to secretaries. What are your thoughts as clubs.

Feedback from clubs was that it would be difficult to hold a competition during field day as we would be asking a farm to allow us to plough a field supplied by them.

It was noted that the various Ploighing competitions have already got specific classes for young ploughers and it was agreed that any information sent forward regarding specific ploughing competitions would be promoted to memebtrs via emai, facebook and the website.

It was agreed that Nia would respond to Mrs Alison George with regard to this.

Rules have been added to the rally 2018 pack for the Junior woodwork competition 'Pallet Recycling' which is being held at the 2018 Royal Welsh Show instead of the Junior fencing competition.

It was agreed that to avoid future confusion that these rules should be adopted at county now. Hard copies of the updated rules are in the packs ready for each secretary to collect and the website to be updated accordingly.

Accompanist – A question had been raised regarding accompanist at the Pantomime competition. In the Welsh competition an overage accompanist can be used however in NFYFC rules and in the English Pantomime Competition at Wales no overage members are permitted.

It was noted that there was a mistake on the Wales YFC rules and was agreed to follow the NFYFC rules at the county round where no overage member would be permitted to be used as an accompanist. It was noted that it is vitally important that rules are kept up to date to avoid confusion.

4. Eisteddfod Review

As previously mentioned we had a successful Eisteddfod once again this year and entries were up on previous years.

The venue once again worked well with people able to see what was going on from the canteen. Judges were happy with everything and had an enjoyable time as adjudicators.

As previously mentioned the competition pieces must be scrutinised to ensure a level playing field in both English and Welsh Pieces. It is also vitally important that colloquialism doesn't result in members opting out from competing in Welsh and ensuring a standard level of language is used if possible. However as previously discussed the experts meeting is a welcomed and vital subcommittee of competitions that will we hope ensure the continuation of a very good Bilingual Eisteddfod

Suggestions

Start the Eisteddfod at 11.30am instead of 1pm to ensure we finish on the same day as we started. Potential to cap numbers competing.

A thought would be to maybe tender for a food van to be on site from around 5.30pm. As food is not readily available and some people may have been there since early on in the day.

A discussion followed regarding the time to start as the day had flown by quite quickly and the time was lost after the break. It was noted that the adjudicators and accompanist appreciated having a break between the two sessions. A discussion was also had regarding having a cap on the number of competitors allowed from each club in a competition but it was felt with an earlier start time for the day this wouldn't be necessary and could be looked at again for next year if entries continued to raise.

5. Winter Fair Review

Decorate a Christmas Wreath -
The rule to this competition needs greater clarification.

It was asked that for the wreath that all members were to bring all materials and complete the making of the wreath on the day.

It was agreed that each club should have access to a socket for the competition
A note should be added for the county competition that members are expected to provide their own tables as they will not be supplied.

It was suggested that the judges in the stock judging competitions should give their placings and provide feedback so members had the opportunity to learn from the experience.

Location - A question was raised regarding the location as Whitland is not within the county. It was noted that other locations had been looked at and based on weather conditions in the past having the undercover areas at Whitland have been beneficial. It was also noted that the food available at Whitland is a bonus.

It was noted that the scarecrow competition could be done earlier as they are towards the end of the day and aren't up for long enough for people to see. It was noted that some junior members are also involved with stock judging in the morning.

It was noted that 1 hr would be more than enough time for members to construct their scarecrow and that the rules should be changed to 1 hour instead of 2.

6. English Public Speaking Competition

In moving for the adoption of a verbal report Edna noted her thanks as chief steward to all the stewards and judges for their time and help in running the competition.

She noted it had been a successful day on the whole but had a few suggestions for improvements to be made for future competitions.

A named recorder to be appointed for the competition when we discuss next year's competition with a separate room for recording.

A separate area for judges and stewards food as everyone was in the same room and judges had no separate area to discuss and decide.

To hold extra competitions such as just a minute in a separate competition room.

A suggestion was made to ask Cegin Cawl Potch to provide catering in the quad outside the college so that hot food was available for those attending the whole day with the Queen and attendants continuing to provide light refreshments tea coffee crisps sweets and cans.

The report was adopted and Katie thanked Edna and her team for ensuring the smooth running of the day. A discussion followed and the following points were raised

Some clubs expressed concern that members are unavailable to compete at the Public speaking day due to it being set a day before the commencement of exams at school. It was agreed to look at the dates during the June competitions meeting and asked if clubs could try and ensure they know which dates their schools have exams.

It was also noted that having the day so close to the queen's ball meant that some members were either not coming back choosing to return for Queen's ball or vice versa.

7. Intention of Entry for additional competitions and dates & judges for competitions if required :-

(A) Sheep Dog Trials - This will be held at the Wales field day therefore a county comp would need to be held beforehand. Two clubs had expressed an interest but following a discussion Hermon YFC decided against competing and it was agreed that Eglwysrwrw YFC would be invited to enter directly.

(B) Clay Pigeon Shooting - This is direct entry to national 30th June

Male & Junior - There was quite a bit of interest in this competition. It was agreed to hold a county round with the winners to be invited to compete on behalf of county in the male and junior competition.

A question was raised regarding the supply of a gun and cartridges. It was noted that the rules state that the competitor must supply their own equipment and have a valid gun licence or have a non-competing license holder with them supervising them at all times.

Female - Hermon YFC were the only club to declare interest and therefore it was agreed to invite them to compete.

A discussion followed and it was agreed that a county competition would be run for the male and junior section. A suggestion was made to hold the competition on a Sunday afternoon

Judges were suggested as:-

Richard Fussell (Dylan)

Reserve: Ben Llewellyn (Christina)

(C) Disco Dancing - The Wales Competition will be held at the Public Speaking Day on the 24th March so a prelim would need to be held prior to this if needed. (D) Jump Rope - The Wales Competition will be held at the Public Speaking Day on the 24th March so a prelim would need to be held prior to this if needed.

Clubs were asked to discuss by June Meeting.
